3 NAME OF REGISTER

EN 1591-4 Register of persons with flange assembly qualification training

4 LEGAL BASIS AND PURPOSE OF PROCESSING PERSONAL DATA

Qualification in line with EN 1591-4 means the competency of fitters of critical bolted screw joints of pressure equipment, approved around Europe. The standard EN 1591-4 requires that the organizer of training keeps records of persons with certified qualification.

The legal basis for processing personal data in line with the EU General Data Protection Regulation is a contract between the person participating in the qualification training and KLINGER Finland. The purpose of processing personal data is to maintain a register of persons with certified qualification.

The data are not used for automated decision-making or profiling.

5 DATA CONTENT OF THE REGISTER

The data recorded in the register are: person's name, date of birth, company/organisation, contact details (telephone number, e-mail address, address), competence levels, place and date of training and qualification expiry date.

Date
13.9.2021
Public

The data of the contact persons of customers and suppliers are stored in the register for six years from the end of the calendar year, when a competence has expired. Deletion is performed manually once a year and is organised by the Data Protection Officer.

6 NORMAL SOURCES OF INFORMATION

The information recorded in the register is received directly from the customer or supplier, such as from the basic data form for customers and suppliers, by e-mail, telephone, from contracts, customer and supplier meetings and other occasions, where the customer or supplier submits their data.

7 NORMAL PROVISION OF DATA AND DATA TRANSFER OUTSIDE THE EU OR EEA

Normally the data are not provided to other parties and are also not transferred by the controller outside the EU or EEA.

8 REGISTER PROTECTION PRINCIPLES

The register is managed with due care and the data processed with data systems are protected by appropriate measures. When the registry data are stored on Internet servers, the physical and digital data security of such equipment is managed by appropriate measures. The controller makes sure that the recorded data and the user rights for servers as well as other data critical for the protection of personal data are treated confidentially and only by employees, whose job description includes such task.

9 THE RIGHT OF ACCESS AND THE RIGHT TO REQUEST RECTIFICATION OF DATA

Each person in the register has the right to access the data recorded in the register about them and to request rectification of possible inaccurate data or updating incomplete data. Should a person wish to view the data recorded about them or request rectification thereof, such request should be sent to the controller in writing (tietosuojavastaava@klinger.fi). The controller may request the applicant to provide proof of identity, if necessary. The controller responds to the customer within the time limit laid down in the EU Data Protection Regulation (as a rule, within a month).

10 OTHER RIGHTS RELATED TO THE PROCESSING OF PERSONAL DATA

A person in the register has the right to request erasure of their personal data (the "right to be forgotten"). The persons in the register have also other rights provided in the EU General Data Protection Regulation, such as restricting the processing of personal data in certain situations. The requests should be sent to the controller in writing (tietosuojavastaava@klinger.fi). The controller responds to the customer within the time limit laid down in the EU Data Protection Regulation (as a rule, within a month).
